18	27,313	1,063	0,343	373

25X1\*

Comment. The total loading performance increased during the reported period. A considerably larger number of railroad cars was claimed by the Soviet occupation power. This increase was probably connected with the shipment of recruits to Eastern Germany and the return of discharged soldiers to the U.S.S.R. as well as the current summer maneuvers.
